

Assignment -4

Assignment Date	10 October 2022
Student Name	S.K.SHEDHUBATHI
Student Roll Number	814619104017
Maximum Marks	2 Marks

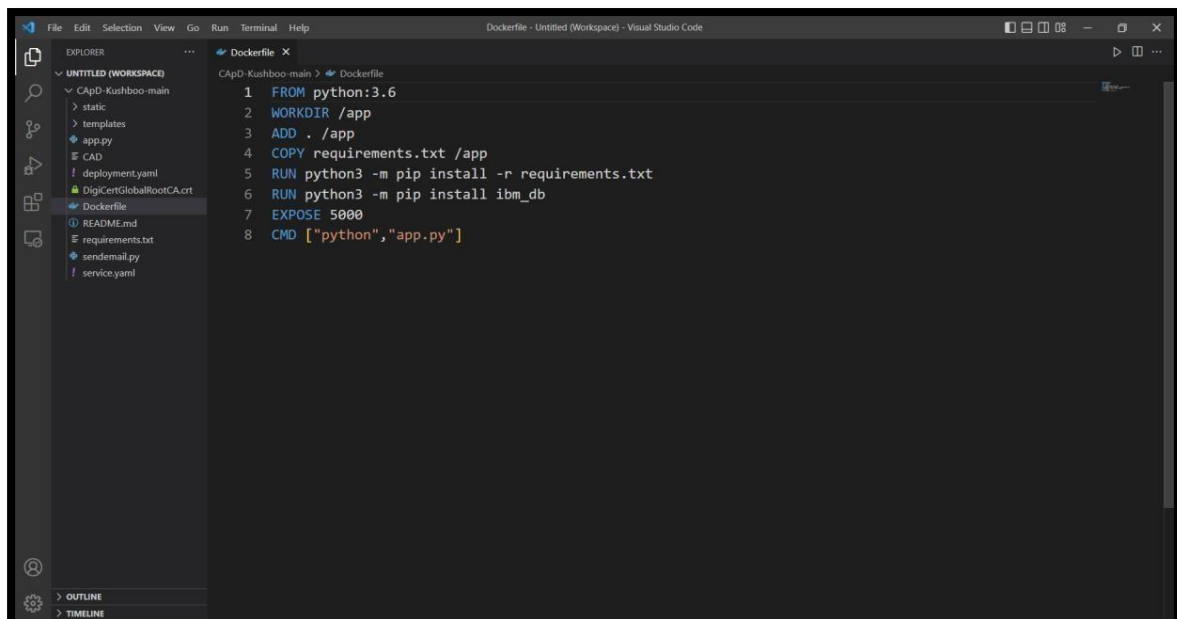

Question 1:

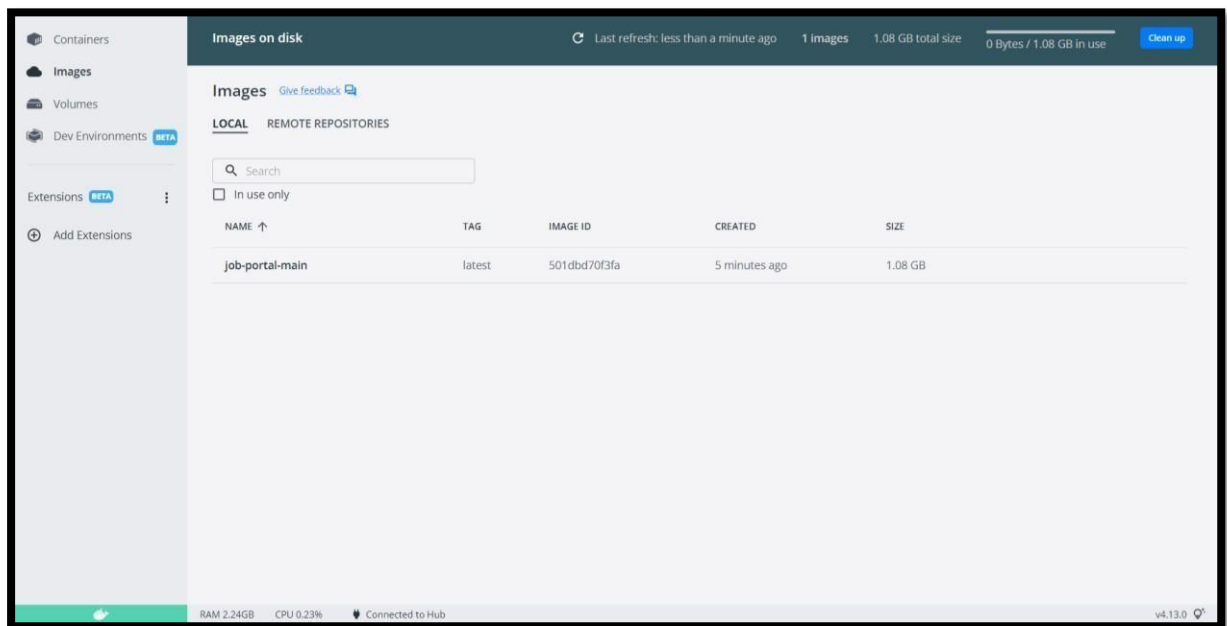

1. Pull an Image from docker hub and run it in docker playground

Question 2:

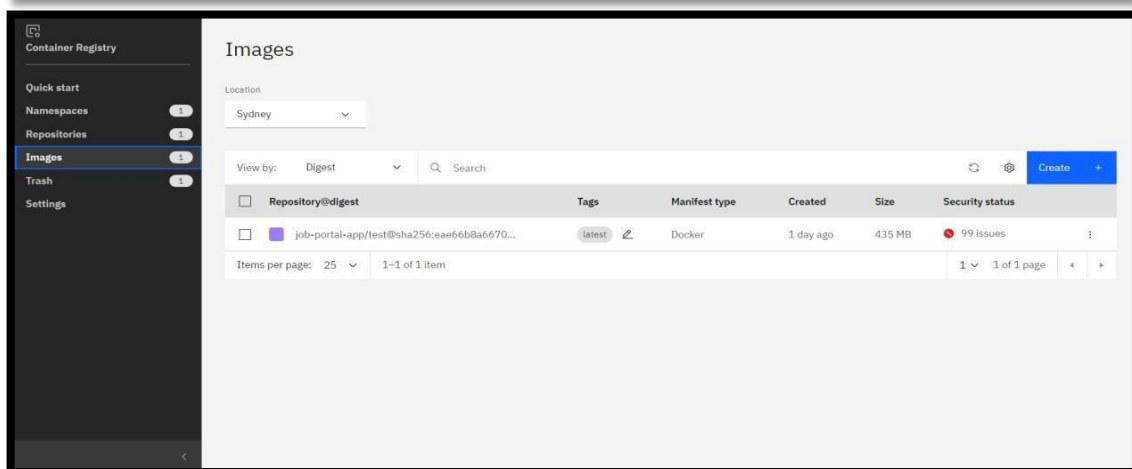

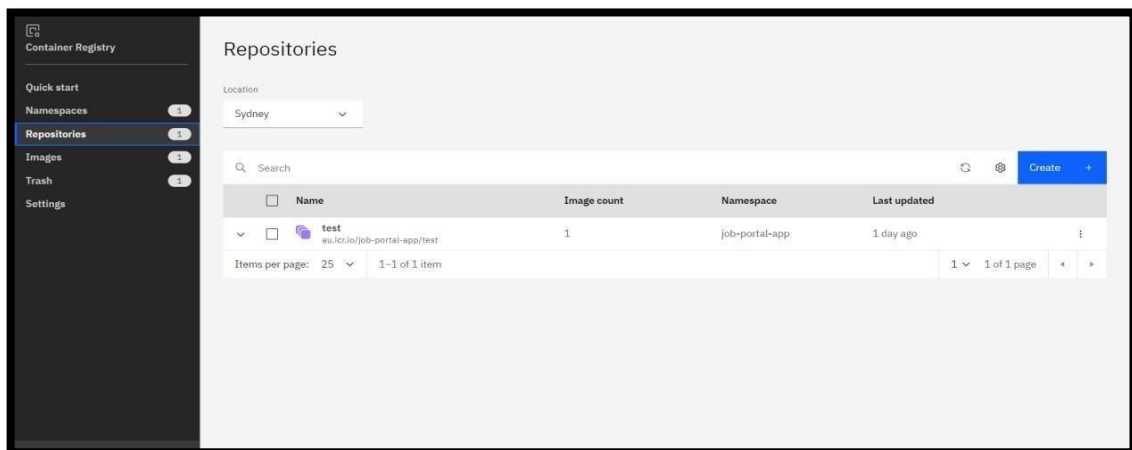

2. Create a docker file for the job portal application and deploy it in Docker desktop application.

Question 3:

3. Create a IBM container registry and deploy helloworld app or jobportalapp.

```
Command Prompt - docker run -p 5000:5000 au.icr.io/job-portal-app/test

C:\Users\user>docker push job-portal-main au.icr.io/job-portal-app/test
"docker push" requires exactly 1 argument.
See 'docker push --help'.

Usage:  docker push [OPTIONS] NAME[:TAG]

Push an image or a repository to a registry

C:\Users\user>docker tag job-portal-main au.icr.io/job-portal-app/test

C:\Users\user>docker push au.icr.io/job-portal-app/test
Using default tag: latest
The push refers to repository [au.icr.io/job-portal-app/test]

Aboutus

Mission

SMARTBRIDGE is an edTech organization with a vision to bridge the gap between academia & industry. Our outcome-based experiential learning programs on emerging technologies (Internet of Things, Machine Learning, Data Science, Artificial Intelligence, Robotics) are building skilled entry - level engineers, for the corporate world. .

Vission

Our main objective is to bridge the existing gaps between prevailing industry standards and what the academics offer to the graduates while passing out of university. SmartBridge offers suitable skill deployment and training to the young talent before on boarding their first job. Our skill development programs are designed considering the present expectations in the industry.

Objective

Well directed career guidance programs for educational institutions
Appropriate certification courses that suit the industry need
Train the trainers; expanded awareness about the current industry standards
Liaise with corporates to offer niche internships
Establish technology development centers in colleges
Specialised incubation centers in collaboration with corporates

Question 4:

4. Create a Kubernetes cluster in IBM cloud and deploy hello world image or job portal image and expose the same app to run in node port.

The screenshot displays the IBM Cloud mycluster-free dashboard. At the top, the cluster name 'mycluster-free' is shown with a 'Normal' status and a warning 'Expires in 30 days'. The left sidebar contains navigation links for 'Overview', 'Worker nodes', 'Worker pools', and 'DevOps' (marked as 'New'). The main content area features a 'Node status' card showing '1 of 1' nodes in 'Normal' status. Below this, a 'Details' section provides information about the cluster ID, version (1.23.13_1550), infrastructure (Classic), zones (Milan 01), creation time (27/10/2022, 7:37 pm), resource group (Default), and image security enforcement (Default). A 'Node health' section is visible at the bottom.

The screenshot shows the 'Aboutus' section of the JobPortal website. The header includes the 'sheep-logo' and navigation links for 'LOGIN', 'REGISTER', and 'CONTACT US'. The 'Aboutus' section is divided into three columns: 'Mission', 'Vission' (sic), and 'Objective'. The 'Mission' column describes SMARTBRIDGE as an edTech organization. The 'Vission' column states the main objective is to bridge gaps between industry standards and academia. The 'Objective' column lists well-directed career guidance programs. Below the 'Aboutus' section, there is a 'JobPortal' section with placeholder text and a 'Get in Touch' section with contact information: 'jobportal@gmail.com' and '+91 8977787657'.
